

How can something this simple...

...benefit your customers and increase profits?

The answer is perfectly clear.

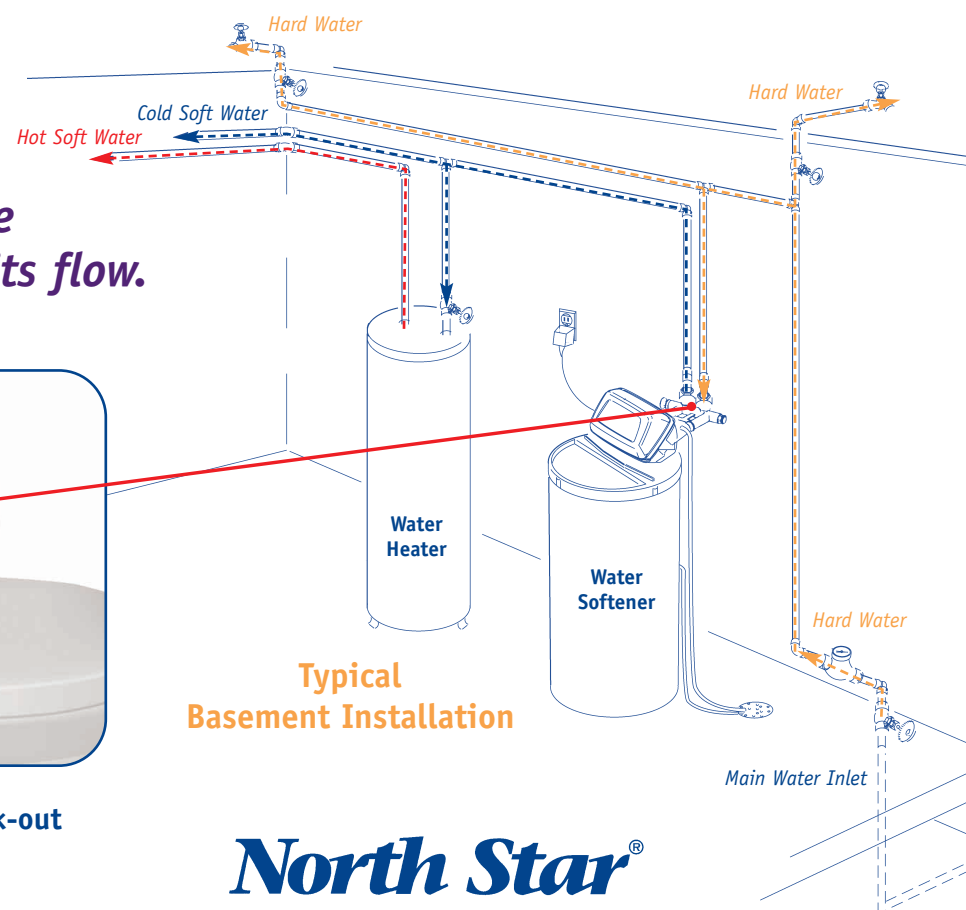

*Preplumb your homes with a North Star bypass valve
– provided at NO COST to you – and watch the profits flow.*

What does completing the
plumbing loop with a North Star
bypass do for you?

- Creates awareness and encourages the homebuyer to purchase a softener.
- Allows for quick and easy North Star softener installation without disrupting the water supply.
